

**Notes:**

1: Line held for Newport News-York County was established as follows: Deed Book 188, page 307 refers to a plat entitled "Plat of Boundary Line between Counties of Warwick and York," dated June 23, 1848, made by J. B. Sincok, Jr., and recorded in Plat Book A, page 1280th, now in cabinet 1, slide 30. Monuments found by this survey were F, K, M, P, S, T, and U. These monuments do not form a straight line and, in my opinion, are not all original monuments of the above survey. All distances were off consistently 0.05-0.07 per 100'. The granite monument M, which is the only point in place when surveyed by J.B. Sincok, Jr. in 1848, and concrete monument U, containing a brass disc inscribed "York-Warwick," are the only two points that I can confirm are from the 1848 survey. Monument K is the only other point that falls on this line; thus, this is the line held for this survey.

2: Boundary Line M, U is derived from original 1848 survey. Bearings have been adjusted to indicate current state plane values consistent with the 1848 survey.

3: State plane coordinates: U.S. Survey ft.  
 Mon. K = N3806800.367; E12046848.788  
 Mon. M = N3806245.700; E12046744.288  
 Mon. U = N3567884.318; E12077177.800

**NOTE:**

THIS PLAT DOES NOT REPRESENT A FIELD BOUNDARY SURVEY.
