York County January the 11th 1853. By the decisions of Christopher Curtis, William Heath, Roy W. Smith and Thomas Q. Heron Commissioners appointed by a decree of the Court of York County bearing date on the 18th day of October 1852 to lay off and apportion to Martha M. Kimball widow of Robert Poffitt dec'd her dower in the 1/3rd part of the property of the said Robert Poffitt dec'd and then to divide the balance between the children and heirs of said Poffitt; I made the annual survey of said tract and found there to be 183 acres in the whole. They then directed me to lay off twenty five acres including all the buildings and improvements by a line 46 1/2 poles from the river on the land called Craig's N 77 W 101 poles to Poffitt land purchased from Smiths heirs 46 1/2 poles from the river and which is exhibited on the Map by brown staining. They then directed me to lay off 36 1/2 acres on the side next to Poffitt's Craig tract as Lot N°1 which by ballot fell to John P. Smith and Elizabeth his wife, and is exhibited on the Map by green staining, then 36 1/2 acres adjoining N°1 as Lot N°2, which by ballot fell to Rebecca Poffitt, and which is exhibited on the Map by a yellow staining, then 42 1/2 acres adjoining N°2 as Lot N°3, which by ballot fell to Robert Poffitt and which is exhibited on the Map by a pink staining and then 42 1/2 acres adjoining N°3 as Lot N°4 and which by ballot fell to William Poffitt, and which is exhibited on the Map by a blue staining. The widow is allowed the privilege of fire wood and timber off all the wood land, and the free way out to stand as it is for the convenience of the lower.

The above was done by our directions and we certify that it may be accepted by the Court as our report of the survey of the land.
